

As of August 16, 2016, the following PPS's have been released, having been revised as noted below:

**PPS 0.01 – Production Process Standard (PPS) Numerical Index**

- Added new PPS 9.49 (Installation of Open Conduit).

**PPS 0.02 – Production Process Standard (PPS) Alphabetical Index**

- Added new PPS 9.49 (Installation of Open Conduit).

**PPS 9.49, Issue 1 – Installation of Open Conduit**

- This is a new PPS raised to specify the procedure and requirements for installation of open conduit.

**PPS 13.20, Issue 7 – Manufacture, Storage and Control of No Part Number (NPN) Material**

- Added new NPN part numbers: NPN339-04-F19, NPN339-06-F19 and NPN339-08-F19.
- Added to the Safety Precautions section a statement regarding the safety precautions in general, explaining that the safety precautions specified are specific to Bombardier Toronto (de Havilland) to meet Canadian Federal and Provincial government environmental, health and safety regulations and that suppliers, subcontractors and partners are responsible for ensuring that their own environmental, health and safety precautions satisfy the appropriate local government regulations. Note: This paragraph is taken, with a little modification, from PPS 13.26 (para. 3.6) and has been added to this PPS to highlight this provision.

**PPS 20.04, Issue 14 – Ultrasonic Inspection of Metals for Discontinuity Detection and Evaluation**

- Clarified documentation requiring Bombardier Toronto (de Havilland) UT Level 3 review and approval to include all written instructions, procedures and techniques.

**PPS 20.09, Issue 7 – Eddy Current Inspection**

- Specified that personnel responsible for performing eddy current crack detection must be certified according to BAERD GEN-012.

---

This revision notice lists brief summaries of technical changes introduced for each of the revised PPS's. Please note that these summaries are not detailed and are intended only to assist in alerting PPS users to changes which may affect them; refer to the applicable PPS for authorized, detailed procedure and requirements.
